

2018-2019 AMMONIA REFRIGERATION TRAINING DAYS

Central Valley Ammonia Refrigeration Training

Come join us for a full day of hands-on ammonia refrigeration training. This year's training sessions will provide a variety of hands-on workshops as well as presentations on a wide variety of important topics in the ammonia refrigeration industry. Training topics include ventilation system tests, general electrical safety, oil draining, optimizing suction pressure, and more.

Make sure to quickly RSVP, as class sizes will be limited to 80 attendees per day.
